REPORTS

★ Safelyn helps your school meet **Department of Education requirements** — building a clear digital record of every arrival, departure, and parent notification. It works alongside your existing registers, not as a replacement.

✓ ALL CHILDREN MUST
BE SIGNED IN
on arrival & departure

✓ AUTHORISED
PICKUP ONLY
ID required · parent alert sent

✗ NO CHILD LEAVES
UNACCOMPANIED
Staff must scan QR at exit

SAFELYN QR
SIGN-IN ACTIVE
✓ Scan card at gate · parent notified

How Safelyn Supports Your School

✓ COMPULSORY ATTENDANCE (BELA)

Proves who attended, was absent, late, or left early — every day. Meets Grade R compulsory attendance requirements.

17 DAILY REGISTER EVIDENCE

Dated reports with learner name, time in, time out, missed and sick days — audit-ready without paper file searches.

🛡️ LEARNER SAFETY

Every pickup logged with time, staff member, and vehicle plate. A child-safeguarding record for every school day.

💬 PARENT COMMUNICATION

Real-time alerts for arrivals, departures, and illness. Timestamped logs kept for any dispute.

🕒 LATE & NON-PICKUP ALERTS

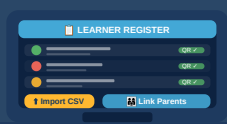

Flags learners not collected on time and repeat late arrivals — follow up before it becomes a concern.

👤 STAFF ACCOUNTABILITY

Shows which staff member ran each check-in or out — clear oversight and fewer disputes.

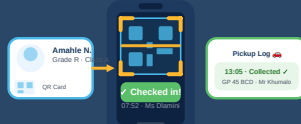

How It Works — 4 easy steps

1 Register Your Learners

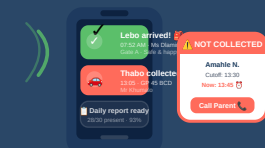

Upload your learner list, link parents. Each child gets a unique QR card. Ready in under an hour — no IT needed!

2 Scan QR at Drop-Off & Pickup

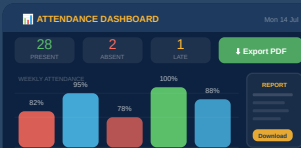

Staff scan on any phone or tablet. Time, staff name & vehicle plate captured instantly at arrival and pickup.

3 Parents Get Instant Alerts

Parents notified the moment their child arrives or is collected. Automatic alert if a learner is not picked up by cutoff time.

4 Principal Pulls Reports Anytime

Live dashboard — always current. Export clean reports for the Department, circuit manager, or governing body in seconds.

🔒 POPIA-conscious by design. Role-based access and separate parent/staff views keep learner data safe and managed responsibly.

☀️ The Practical Difference

Less manual paperwork. Faster morning registers. A stronger daily record of every learner and every parent interaction.

If the Department or a parent asks for attendance evidence, your principal produces a clean report in seconds — not hours.

🏠 Who Is It For?

- ECD centres & crèches
- Grade R & pre-primary
- Independent schools
- Multi-branch groups

🚀 Getting Started Is Simple

We handle the full setup at no cost. No IT department needed. Most schools are live and running within 48 hours of signing up.
